Mineral deficiency

stands between you and REAL HEALTH

One small defect impairs the efficiency of the most perfect piece of mechanism. And that applies to nature's masterpiece—your body. If the cells are starved ill-health follows. Calcium is the one vital mineral without which the life centre of the body cells would shrivel and die, and Kalzana supplies this element in a form which the system can easily assimilate and retain.

By remedying this deficiency and making the cell-nucleus plump and strong, Kalzana gets right to the root of ill health. Kalzana improves the condition of the blood, strengthens the whole body and supplies the teeth with the elements they need to keep them hard and white and immune from decay. A course of Kalzana quickly gives new strength and vigour—begin yours to-day.

"I am never without Kalzana, not taking them always, but at any time of extra strain, and when there are colds and other infections about me."

The Proven STOMACH REMEDY for Bad Cases

Amazing evidence of the remarkable speed with which indigestion and stomach pains can be stopped has been revealed by medical experiments and X-ray photographs of actual cases. These prove the ingredients of 'Bisurated' Magnesia to be the quickest-acting and most effective known to medical science. Within 5 minutes a teaspoonful of 'Bisurated' Magnesia in a little water produced complete relief in cases where numerous other remedies had failed entirely.

Its Action Explained—
Simply take a teaspoonful of the powder in a little water. The moment this soothing draught reaches the tortured stomach it begins to soothe the acid, fermenting undigested food. The contents of the stomach become as bland and soothing as milk to the sensitive stomach lining. The pain quickly lessens and presently disappears. By following up the treatment after each meal, your harassed stomach will soon become tender and grow strong, until you can eat whatever you like and enjoy every meal, without fear of wind and pain.

A NOTED
ENGLISH DOCTOR
SAYS:

"I find that 'Bisurated' Magnesia taken after my meals is the only thing that keeps me free from pain and discomfort, and I take it regularly. I often prescribe it for my patients, and have had very good results."
H.G. — M.A., M.R.C.S., L.R.C.P.

ANOTHER DOCTOR SAYS:
"'Bisurated' Magnesia gives excellent results and is the ideal remedy for stomach pains and acidity. It is particularly recommended for Dyspepsia, Gastritis, Stomach Pain, Flatulence, and even Stomach Ulcer."

CAMBRIDGE WINS BOAT RACE

Oxford Five Lengths Behind

London, April 4.
Cambridge scored their thirteenth success in the Boat Race although Oxford won the toss and held the lead in the early stages. Cambridge, who finished five lengths ahead in 21 minutes 6 seconds, were four pounds a man heavier and the experienced oarsman, W.G.R.M. Laurie, stroked them excellently and in an exceptionally powerful manner.

The Light Blues went all out at the finish and won in great style with Oxford making a magnificent spurt. The Cambridge crew did not appear to be in distress at any time, and the Oxford eight, apart from L.V. Garside and J. C. Cherry, all sat up manfully.

THE START

Oxford won the toss and chose the Surrey side. Cambridge led slightly at the start, both stroking 38, but Oxford drew ahead at the boat houses and maintained a slight lead as far as Beverley Brook and the Fulham football ground. Oxford's powerful stroking gained them a quarter-length at Craven Steps, but Cambridge pulled them back and were almost level at the mile-post, where both were stroking 29.

Oxford then made an effort and took a half-length lead at Harrod's, the two crews stroking 34 and 32 respectively, and they were still half a length ahead at Hammersmith Bridge. The Dark Blues increased their lead to three-quarters of a length at Leadmills, where both crews were stroking 31.

FIGHT FOR PLACE

Cambridge made a spurt at this point, but Oxford still led at the 2-mile mark. Cambridge led by quarter of a length at The Doves, but Oxford was dogged and retrieved their loss at The Mall, where both crews were doing splendidly, especially Cambridge, who were 1-length ahead at Chiswick Eyot. Cambridge had increased their lead to half a length at Chiswick Steps, and then they spurred brilliantly, quickening their pace to 37 to lead by a length and a half at the 3-mile post. Oxford were then stroking 35.

Oxford pulled back half a length at Devonshire Meadows, but Cambridge, without being hurried, steadily secured a 3-lengths lead at Barnes Bridge. Both crews were then stroking 38.

Cambridge were 2½ lengths ahead at the White Hart and four at Mortlake Brewery.

WINNERS ALL OUT

As the boats came into sight at the finish Cambridge went all out, stroking 36. Oxford spurred magnificently, but Cambridge won in great style. None of the Cambridge crew appeared distressed and the Oxford men, apart from Garside and Cherry, sat up manfully.

Cambridge won by five lengths in 21 minutes 6 seconds.

The crews were:—
Oxford: D. M. de R. Winsor, J. C. Cherry, W. D. Sturrock, B. J. Scorttino, S. M. G. Wood, L. V. Garside, J. S. Lewis, G. C. Ashby, M. A. Kirke.

Cambridge: W. G. R. M. Laurie, J. H. T. Wilson, D. G. Kingsford, M. P. Lannon, D. W. Burnford, G. M. Lewis, H. W. Mason, T. S. Cree, J. M. Duckworth.

ONE DEAD HEAT

London, April 4.
The weather was cold and threatening and the crowds were smaller than usual when the 88th boat race between the Universities of Oxford and Cambridge was rowed over Putney-Mortlake course on the Thames this morning. The race resulted in a win for Cambridge by five lengths, time 21 minutes six seconds. This is the 13th year in succession that Cambridge have now won the boat race. Throughout the whole series Cambridge have now won 47 and Oxford 40 of these events.

There was one dead heat. In today's race Oxford won the toss and chose the Surrey side and after following behind Cambridge at the start they took the lead. But crews were again level at the first mile post. At Hammersmith Bridge Cambridge was led by half length and this was slightly increased at two miles post. Cambridge then pulled up strongly and had a lead of one and half lengths at three miles post. Thereafter this lead was steadily increased to the end.

FOOTBALL AT WEMBLEY

Championship Goes To Scotland

London, April 4.
Bright sunshine at Wembley Stadium attracted a crowd of 90,000 to watch the International soccer championship which ended in a triumph for Scotland, when they forced England to a one-goal each draw. The teams were:—
England: Sagar, Male, Hapgood, Craven, Barker, Bray, Crooks, Barclay, Cammell, Bastin and Brook.

Scotland: Dawson (Rangers), Anderson (Hearts), Cummings (Aston Villa), Massie (Aston Villa), Simpson (Rangers), Brown (Rangers), Crum (Celtic), Walker (Hearts), McCulloch (Brentford), Venters (Rangers) and Duncan (Derby).

CAMMELL'S FAILURES

Hapgood won the toss and England kicked off against a strong wind.

Scotland swung the ball about more and were more accurate in their passing than England, but the latter pressed from the start and Cammell missed a sitter five yards from the goal and missed an even easier chance some seconds later.

After 31 minutes, following a perfect movement by Brook and Bastin the latter tapped the ball to Cammell, who this time easily scored.

Scotland, who did not deserve to be a goal in arrears at this period, had very bad luck when Walker hit the post and then just grazed the crossbar with stinging drives.

Half-time arrived with England leading by the only goal scored. Early in the second half Cammell again missed two easy chances and Scotland equalised from a penalty, converted by Walker. There was some doubt regarding the decision as McCulloch appeared to fall on his own accord and was not tripped by Barker.

COMMENT ON GAME

A draw was the fair result of a brilliant and thrilling game in which Bastin excelled and Brook also played a sterling game for England, and Crum for Scotland, while Walker made a fine wing. Both goal-keepers were superb. Scotland would have won easily had their forwards been more aggressive comparable with their skill. They had less chances than England although they attacked more often.

The following were the final standings:—

	P	W	L	D	F	A	P	ts
Scotland	3	1	0	2	4	3	4	3
England	3	1	1	1	5	4	3	3
Wales	3	1	1	1	5	5	3	3
Ireland	3	1	2	0	5	7	2	2

FOOTBALL POOL BETTING

Prohibition Bill Defeated

London, April 3.
The debate on a private member's bill designed to prohibit football pool betting culminated in the House of Commons yesterday. Mr. R. J. Russell (L., Eddersbury), moving the second reading, described the pool betting as one of the most insidious forms of education in gambling ever devised. It was not a sporting event but a financial one, for which the best slogan was "Something for nothing."

After Mr. Russell had spoken for an hour Mr. Will Thorne (Lab., Plaistow) blew a football whistle, while the members, amid laughter, cried "Time!"

PROFIT COMPARISON

Mr. Tom Williams (Lab., Don Valley) said that the pool promoters were making more profit than the whole of the coal-owners in Great Britain, employing 750,000 men, compared with the 25,000 employed by the pool promoters.

The bill met with opposition on the grounds of unjustifiable interference with private liberty. Mr. A. T. Lennox-Boyd (C., Mid Bedford) stating that they could trust the British working man to spend in the best manner possible what he had earned by hard work and enterprise.

Mr. A. P. Herbert (Ind., Oxford University) said that the philosophy of the bill was that Parliament should wrap citizens in moral cotton-wool and place them in a moral glass-house to prevent

PADCHAM WINS GOLF TOURNAMENT

Bramshot, April 3.
Alfred Padgham, the British Ryder Cup player, won the £2,000 "Daily Mail" Golf Tournament over 72 holes with individual rounds of 73, 73, 70 and 68. The last round was a course record, despite a high and cold north-east wind. The youthful S. King was second with 287, and Percy Allis and Reginald Whitcombe were third with 288.

The wind of temptation touching them.

FARMER'S APPEAL

Mr. Geoffrey Lloyd (C., Ladywood) said that an old farm labourer had written to one of his colleagues stating that he never batted, "but please oppose the bill, as the pool coupon keeps the old woman quiet for at least two nights a week." (Laughter). The bill was defeated by 287 votes to 24.

BERLIN VIEWS ON STAFF TALKS

Berlin, April 5.—Great Britain's letters to the French and Belgian Governments promising military support in the event of aggression, is tantamount to an encouragement of French stubbornness, and puts a premium on the rejection of the German peace proposals, declares the Wilhelmstrasse organ, "Diplomatische Korrespondenz."

This paper says a satisfactory settlement is rendered more difficult, and even doubtful, if a small circle of powers first engage in unilateral agreements, especially if they are of a military character.—

DEFENCE BILL IN BELGIUM

Brussels, April 5.—Articles of the proposed new Belgian defence bill, empowering the Government to raise money to keep enough men under arms to assure instant mobilisation for the manning of Belgium's frontiers, passed the Chamber of Deputies to-day.—

OFFICIAL QUIET IN LONDON

London, April 3.

A quiet week-end is expected in official quarters in London.

It is thought that Mr. Anthony Eden's speech will have a calming effect.

Mr. Stanley Baldwin, the Prime Minister, has already gone to Chequers, though Mr. Eden remains at the Foreign Office.

This evening, visitors to the Foreign Office included Signor Dino Grandi, the Italian Ambassador, who is understood to have renewed assurances that Italy will respect in full the integrity of the British Treaty rights in Ethiopia.

"LES MISERABLES"

Fresh laurels were heaped on the heads of Fredric March and Charles Laughton at the Star Theatre yesterday as co-stars of Darryl Zanuck's stirring production of Victor Hugo's "Les Misérables."

A truly great picture, handsomely mounted and flawlessly directed by Richard Boleslawski, this latest 20th Century production follows the eventful life of Jean Valjean, who suffered five years of torture in the galleys of a French prison ship for stealing a loaf of bread and found his whole life darkened by the shadow of the Law, in the person of Javert, a fanatical detective who has dedicated himself to carrying out that Law to the letter. March does the finest work of his career as the unfortunate Valjean and Laughton is superb as Javert. Sir Cedric Hardwicke, the celebrated British stage and screen star is splendid, making his American screen debut in the role of the kindly Bishop Bienvenu who starts the brutalized ex-convict on the road to a noble and prosperous life.

Rochelle Hudson, as Jean Valjean's ward, Cosette, and John Heil, as her sweetheart, Marius, furnish the love interest which offers a counterplot to Valjean's desperate adventures in his lifelong attempt to evade the relentless Javert. The film is released through United Artists.

"Les Misérables" is magnificent entertainment, full of the colour and passion of the novel which millions have read and will enjoy the privilege of seeing of brilliantly transcribed to the screen.

I LIVE FOR LOVE

Dolores Del Rio, exotic Warner Bros. star, was the recipient of two dozen gardenias every day during the production of "I Live for Love," next attraction at the Queen's Theatre.

She introduced the latest of styles to the screen—that of wearing fresh flower (in this case gardenias) as a hair ornament. Hollywood debutantes have taken up the fad in earnest.

Designed especially for her by Pere Westmore, Warner Bros. make-up artist, Dolores' coiffure consists of a center part the night-hued hair brushed shiningly down into a cluster of tight curls at the

RENDEZVOUS

At The Alhambra

William Powell had an impetuous urge to go rural, but reverted to ultra-cosmopolitan, all within the space of half an hour.

An unappreciative and unfriendly cow was the cause of it.

Powell was on a country location for Metro-Goldwyn-Mayer's spy drama, "Rendezvous," now showing at the Alhambra Theatre. In a neighboring field he saw a grazing cow. Rosalind Russell and Director William K. Howard voiced a desire for fresh milk for their lunch.

Powell volunteered to obtain it from the cow.

He climbed the fence, armed with a milk bottle, and approached the grazing bovine. He succeeded in reaching the proper milking posture when the cow turned on him.

Powell was pushed off his feet. Regaining them, he found himself sprinting across the field, pursued by the cow, but in the opposite direction from the company.

The infuriated animal took its stand between Powell and the camera and it took three electricians and two property men to drive off the beast so Powell could resume his cinematic duties.

Produced by Lawrence Weingarten, the "Rendezvous" cast also includes Binnie Barnes, Cesar Romero, Lionel Atwill and Samuel S. Hinds.

"PADDY O'DAY"

A crazy quilt of languages and dialects contributes to the colour and hilarity of the scintillating new Jane Withers picture, "Paddy O'Day," which comes on Wednesday to the King's Theatre.

Jane Withers, charming little Georgian who heads the cast of the new picture, spent several weeks transforming native Southern accent into a faultless Gaelic brogue. In the supporting cast is Pinky Tomlin, songwriter and actor. He is a native Oklahoman and has been permitted to retain his natural pleasant drawl for the picture.

Rita Cansino, of Irish and Spanish ancestry, fills the role of a Muscovite Miss and goes Russian all the way. And finally there is George Givot, Greek ambassador of radio fame, who lends the air with his fly-paper English.

Directed by Lewis Seiler, the new picture reveals the heart-warming adventures of a little Irish girl in the strange land of New York. A bevy of brand new tunes, headed by "Keep That Twinkle in Your Eye," and "Changing My Ambitions," are prominent features of the entertainment. Sol. M. Wurtzel filled the post of executive producer on this picture.

back. Just above the ears, the tips of which are bare, she places two real gardenias on each side.

The hot studio lights curled up the delicate white edges, leaving them brown. So, at intervals during the work, Dolores changed the flowers. In "I Live for Love," Miss Del Rio plays the part of a tempestuous South American prima donna. The picture is a gay comedy-romance with a glamorous musical background of theatre and radio, catchy songs having been written by Wrubel and Dixon.

Everett Marshall, grand opera star, is co-starred Miss Del Rio.

HANDS ACROSS THE TABLE

At The Queen's

A diverting piece of funny business, crammed with lively action, snappy chatter and laughs galore is the romantic comedy, "Hands Across the Table," now showing at the Queen's Theatre, with lovely Carole Lombard and Fred MacMurray in the leading roles of this fun fest.

A laugh riot from start to finish, the merry attempts of "Hands Across the Table" centers around a poor but ambitious manicurist and a penniless young socialite to live up to an agreement that each shall marry for money, with love a negligible factor. Many hilarious complications result as the two set out to keep their bargain, until both fall in love, and of all things, with each other! The fun film serves to introduce Miss Lombard in an entirely new characterization and the blonde star comes off with flying colours as a light comedienne, as well as a lush leading lady.

Acting honours must be equally divided between Miss Lombard and MacMurray who is possessed of a distinct personal charm as well as skill at just the sort of the role he is required to fulfil in the comedy.

Personable and engaging, MacMurray and Miss Lombard capture the amusing moments, sharing them with a delightful and refreshing abandon.

"STRIKE ME PINK"

We are on the strikingly beautiful, tempo style, black-and-white "Club Lido" set, during the shooting of "Strike Me Pink," Eddie Cantor's sixth annual Samuel Goldwyn screen musical, which is showing at the King's Theatre.

Ethel Merman has just finished a smash song hit. Charming Sunnie O'Dea is tapping out a novel dance routine.

The shimmering gossamer of the white drops, the twinkling brilliance of a myriad of metal stars hung from the flies takes our breath away. But it is the mirror-like night club floor made entirely of glass blocks, backed with ebony, that is the center of attraction.

"Okay, boys and girls," shouts dance director Robert Altos, "this'll be a 'take' of the finale."

The music starts and thirty dancing men and girls, in swallow tails and diaphanous wisps of gowns, maneuver into the scene. In the background are the gorgeous "Goldwyn Girls." The dancers go through their routine for the 160 dress extras seated at tables about the club. A battery of more than a hundred great arcs gives brighter-than-daylight illumination to their gyrations and a spectacle of bewildering beauty results, as the dazzling reflections shoot out from that sparkling floor.

INVITATION TO ARAB PARTY LEADERS

(“Hong Kong Daily Press” Special)

Jerusalem, April 3.

The Arab Party leaders have received, through the High Commissioner, the invitations from the Colonial Secretary to come to London for negotiations concerning the Legislative Council. It is understood that the opportunity will also be taken to discuss the competency of the council for sales of land and for immigration.

The plan—opposed by the Jews—is now approved in principle by the Arabs, and the creation of a legislative council has now entered into a decisive stage with the acceptance of the invitations by the Arabs.

THE MILWAUKEE ROAD

THE PROBLEM OF SHANGHAI

Claim To Increased Representation

London, March 18. The annual election to the Municipal Council of the International Settlement in Shanghai takes place this month. In former years the election has attracted no more than passing interest outside the Settlement itself, and even there, especially in the British community, no undue importance was attached to the event. This year, however, more than one foreign capital will watch the election and mark its result, seeing therein a straw by which to gauge the prevailing wind in the Far East.

The Municipal Council which looks after the affairs of the Settlement consists of 14 members. Of these five are Chinese who are indirectly elected by Chinese organizations within the Settlement. Over the election of these five Chinese members there is no controversy. The other nine members represent the foreign interests which have built Shanghai and made it one of the greatest trading cities in the world. For many years the non-Chinese members have been indirectly elected as the result of a compromise between the British, American, and Japanese communities. This year, however, the Japanese—with it is suggested, the concurrence of Tokyo—have adopted a forward policy. They have repudiated the arrangement whereby five of the nine seats were allocated to British candidates and the remaining four were equally divided between Americans and Japanese. The Japanese demand three seats. British voting strength, generally weakened by apathy, is being mobilized to oppose the demand.

THE BRITISH ATTITUDE
On the face of it there is considerable justification for the British attitude. The present franchise rests on a high property qualification, under which the British voters outnumber the Japanese by three to two. This, it is argued on the British side, is only as it should be, since British property and British investments in Shanghai by far exceed those of Japan. The latest available figures, which represent the position as it was in 1930, show that British investments in Shanghai were worth £151,000,000; Japanese, £44,000,000; and American, £28,000,000.

Since Britain's stake in Shanghai is worth double that of Japan and America together, it seems reasonable that British merchants resident in the Settlement should have a larger say than Japanese and Americans in the management of its affairs. The British contribution to municipal taxation is double that of the Japanese. In short, Britain has played the preponderant part in building up the city and in maintaining its prosperity. A structure so essentially capitalistic can, it is argued, be best preserved under the existing system, even if that system depends on a tacit understanding between the interests concerned and cannot be reduced to a legal formula.

LARGER JAPANESE POPULATION
The Japanese, on the other hand, maintain that their larger population entitles them to increased representation on the Municipal Council and to a larger share of the administrative posts under the Council. The facts behind their argument are correct. The Japanese population in the International Settlement numbers about 30,000; the British population only 9,000. Under the existing franchise the British electors number about 1300; the Japanese 825. On the basis of population alone Japan's present representation is scarcely satisfactory; but a comparison based on populations alone is misleading. The Japanese residents who have no vote are either small shopkeepers or manual labourers. Substance or numbers—which is to be the determining factor?

Although the British community has not given way to the Japanese demand for an extra seat on the Council, it is not unmindful of the desirability of removing the causes of Japanese discontent. An attempt will be made to remove the Japanese complaint that expenditure is unfairly distributed and that sufficient use is not made of Japanese talent in the services of the Council. The British opposition to the additional Japanese councillor does not argue a complete lack of sympathy with Japanese aspirations. It is based rather on the fear that the Japanese community would not be content with such a comparatively small

concession, but would press for the administration of the Settlement on Japanese lines and, what is even worse, might adopt, over Shanghai, the same forceful policy towards the Nanking Government as the Kwantung Army adopted in the North.

LAND REGULATIONS
What complicates and aggravates the situation is the fact that the International Settlement and its Municipal Council have a constitutional status which is far from satisfactory. The Land Regulations, which limit Chinese sovereignty over the Settlement, are obsolete. Rendition of the Settlement is still desired by the Nanking Government, and only China's pre-occupation with the Japanese penetration in the North keeps the issue from becoming a vital one. Although the principle of rendition has been accepted by the foreign Powers, no progress has been made towards a settlement. China behaves as though the International Settlement did not exist; even those inroads which she makes from time to time on the rights of its residents are made indirectly.

Technically the rendition of the International Settlement to China is a matter for the Municipal Council, and has nothing to do with British foreign policy. Actually it is a matter in which the British Government cannot disinterestedly. As long ago as 1926 Britain and other Western Powers wished to have the question of extra territoriality conclusively settled. The first difficulty was to find a competent Chinese Government with which to deal. The chaos which prevailed in China even after the establishment of the National Government made the foreign Powers reluctant to yield up their rights. Twice, in 1929 and in 1931, the Nanking authorities announced the abolition of extra-territoriality, but abolition remains indefinitely postponed. The report of Mr. Justice Feetham, made in 1931, on the Shanghai problem was eloquent of the difficulties in the way. Ultimate rendition, he concluded, was not only justifiable but necessary. At the same time, the objections to anything like an immediate application of that policy were "overwhelming." A long transition period must intervene, lasting "not years, but decades."

UNEASY STATUS QUO
For the time being no one shows any disposition to disturb the uneasy status quo. A revision of the Land Regulations to meet the needs of to-day would help to make the transition period easy for both Chinese and foreigners, but Nanking makes no move to assist. The whole problem is complicated for the future by Japan's claim to be the stabilizing force in Eastern Asia, and by the uncertainty of how the recent crisis in Tokyo will affect Japanese foreign policy. The future of Shanghai (and of the foreign interests involved) will depend largely on how relations between Japan, China, and the Western Powers can be adjusted to meet the new circumstances shaped by the events of recent years.

RADIATOR CAP

A youth, eighteen years of age was sentenced to one month with hard labour by Mr. Keen at the Kowloon Magistracy yesterday where he appeared on remand in answer to a charge of larceny of a motor car radiator cap. Detective Sergeant Dowman who appeared for the prosecution made an application that the original charge for unlawful possession be changed to larceny as the owner of the radiator cap had been found.

It will be recalled that the case when first heard during the week was adjourned as the police could not ascertain the rightful owner. The press were requested to assist in the matter.

Detective Sergeant Dowman on Saturday told the Magistrate that defendant after the adjournment informed the police that he had stolen the radiator cap from car No. 963 parked in Tsin Wan at the 1 1/2 mile stone. Messrs. Dowdell & Co. were the owners of the car.

In answer to the Bench, the prosecuting officer said that of late the police had received a number of reports regarding thefts from motorcars, and it was known that the stolen goods were usually disposed off at marine dealers for 20 or 30 cents.

Defendant admitted having been

CONVENTION TO BE CALLED

Regarding Spurious Coins Issue

The "Gazette" contains the draft of an Ordinance to enable effect to be given to an International Convention for the Suppression of Counterfeiting Currency, signed on behalf of His late Majesty at Geneva on the 20th day of April, 1929, to apply to foreign coin certain enactments relating to British coin, to assimilate the penalties for importing and exporting counterfeit coin and to amend certain enactments relating to forgery, coinage and extradition.

This Ordinance is necessary in order that His Majesty's Government in the United Kingdom may accede on behalf of this Colony under Article 24 of the International Convention for the Suppression of Counterfeiting Currency, 1929.

Section 3 (3) is an adaptation of section 3 (2) of the Act of 1935 and provides a penalty of imprisonment for fourteen years for importing counterfeit gold or silver coin or for exporting counterfeit current coin. Hitherto the former has been a felony punishable with life imprisonment and the latter a misdemeanor punishable with imprisonment for two years. The importation of counterfeit current copper coin is already a felony punishable with seven years' imprisonment under sub-section (4) of section 13 of Ordinance No. 7 of 1935, enacted by section 3 of the Coinage Offences Amendment Ordinance, 1935, as amended by paragraph (m) of section 3 (2) of this Ordinance.

Penal servitude in this Colony was abolished in 1887 since when it has been usual to substitute a corresponding term of imprisonment which (under section 9 of Ordinance No. 30 of 1911) means imprisonment with hard labour.

Section 3 (4) make the offence of exporting counterfeit current coin a felony instead of a misdemeanor. This seems desirable in view of the raising of the maximum penalty to fourteen years' imprisonment.

CORRUPTION CHARGE

Heavy Bail Asked

Facing charges of having attempted to bribe members of the Chinese staff of the Revenue Department, Albert Randall, (27), unemployed, was together with seven Chinese brought before Mr. S. F. Balfour again on Saturday at the Central Magistracy.

The charge, it will be recalled, was that Randall, together with these seven Chinese conspired to bribe Revenue Officer Mo Kang and other Revenue officers with intent to influence them from prosecuting or from giving information which might lead to the prosecution of certain offenders under the Opium Ordinance.

The Chinese defendants were, Li Zick (32), shopkeeper, Leung Yau (42), unemployed, Ho Loi (27), salesman, Ho Shum (29), unemployed, Li Kwai-yick (40), unemployed, Kwan Sing (36) unemployed and Ngan Cheong (29) unemployed.

Mr. T. Murphy, Assistant Director of Criminal Intelligence had stated at the previous hearing that on the surface it appeared to be a gigantic attempt to bribe the entire Chinese staff of the Department.

On Saturday Mr. E. H. Williams, Assistant Attorney-General, said that the first question of the proceedings was that of bail as he was asking for a week's remand. He suggested that in the case of Randall the bail be fixed at \$7,000; \$1,500 in the cases of the second and third defendants and that of the others be named at \$500 each.

Mr. W. A. Mackinnay, representing Randall, said that he thought that \$7,000 was excessive and that he was prepared to put up \$5,000.

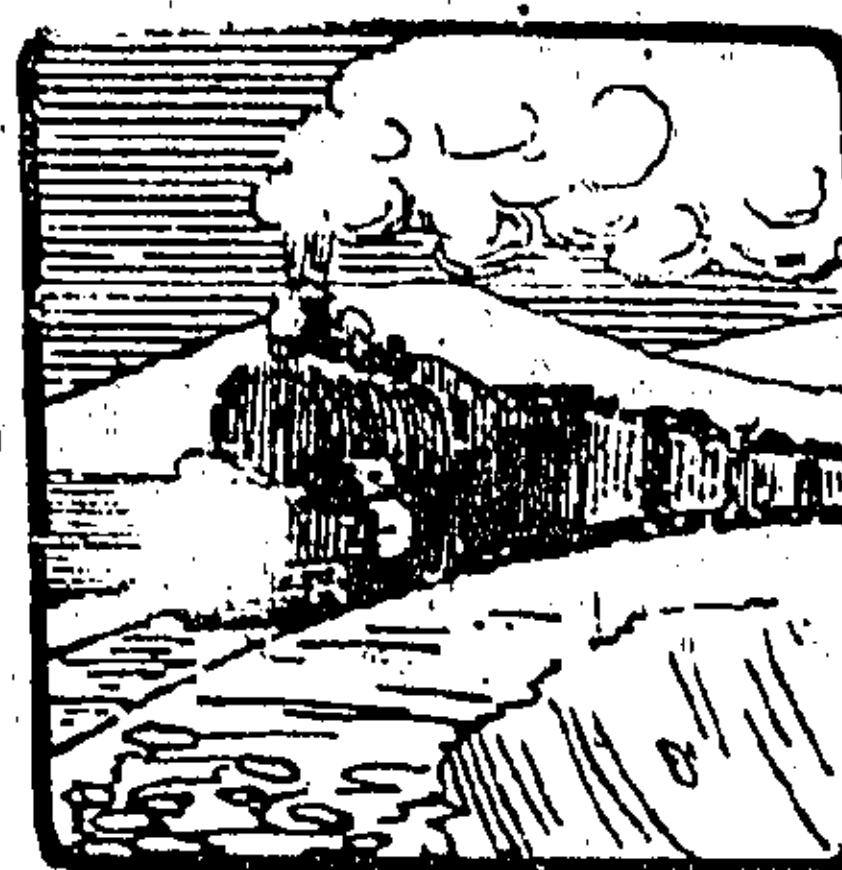

Mr. Williams then suggested that \$5,000 be put up in cash and a further \$2,000 be made up in bond. This suggestion was agreed to and it was then fixed that the bail of the other defendants remain as suggested by Mr. Williams and that they be in cash.

The case was then remanded for one week.

DUTYABLE LIQUOR

Charged with possession of dutiable liquor on board lighter No. 3477 in Hong Kong harbour, two Chinese appeared before Mr. Keen at the Kowloon Magistracy on Saturday. The accused were Tam Yau (28) a cook, and Leung Hoi Fat, a coolie. The alleged contraband was stated to have been found on the lighter on April 3.

KIDNAPPING CHARGE

A case of alleged kidnapping occupied the attention of the Kowloon Magistracy on Saturday when a woman, Lau Sam, alias Lau Leung (46), described as a widow appeared before Mr. Keen charged with stealing a child, four years of age, named Tang King, the child of a woman of Pak Ting Village, Shamshuipo.

The offence was alleged to have taken place on March 23.

TRESPASSERS FINED

Found trespassing on Stonecutters Island without a permit, two coolies were brought before Mr. Keen at the Kowloon Magistracy on Saturday and fined \$5 each with the alternative of eight days' imprisonment. Both the accused told the Magistrate that they had gone on the island to get some sand.

Detective Sergeant Riddell who appeared for the prosecution stated that the defendants were seen acting in a suspicious manner near the tunnel. It was quite probable that had they not been arrested they would have stolen something. Of late a number of thefts had been perpetrated.

Sergeant White, of the Royal Naval Yard Police appeared as the complainant.

PROFIT SHOWN AT LAST

BY GANDE, PRICE AND CO., LTD.

Economy Compatible With Efficiency

That despite a decrease of 29 per cent. in turnover and about \$2,000.00 in revenue from rents, Messrs. Gande, Price and Co., Ltd., was able to show a small profit of \$644.47 for the year 1935, was the information imparted to shareholders by Mr. J. F. Shea when he presided at the Twenty-Ninth Annual Meeting of the Company which was held on Saturday at the Company's Offices at No. 2 Ice House Street.

Addressing the gathering after the Secretary had read the notice convening the meeting Mr. Shea said:

Gentlemen: The Report and Statement of Accounts for the year ending 1935 having been in your hands for the prescribed period, I will with your permission take them as read.

The working for the year 1935 resulted in a profit of \$644.47 thus reduced the debit balance on Profit and Loss Account as at 31st December, 1934, to \$19,265.33, which amount your Directors propose to carry forward to 1936.

PROFIT SHOWN

The year under review was even more difficult than previous ones. Comparing with 1934, the corresponding figures showed a decrease of approximately 20% in turnover and about \$2,000 in revenue from rents. During the year your Directors effected all possible reductions in salaries and overhead expenses, and I desire to record the loyal manner in which the staff accepted the measures, which the Board deemed necessary to adopt.

Turning to the Profit and Loss Account, it will be seen that your Directors have voluntarily waived their fees and that your Auditors have also been good enough to reduce their fees. I am glad to say that by having exercised the most stringent economy, the most difficult year so far experienced by this Company resulted in a slight profit instead of a heavy loss.

FUTURE UNCERTAIN

As to the future, although the promise of stability in our exchange would undoubtedly improve business generally and that conditions for the past three months have given us good reasons to be optimistic, we must yet be prepared for another lean year, and I can assure you economy compatible with efficiency will still continue to be our watch-word.

In conclusion, Gentlemen, I have much pleasure in proposing the adoption of the Report and Statement of Accounts as presented, and after they have been seconded, I shall be pleased to answer to the best of my ability any questions shareholders may desire to ask.

SECONDER'S SPEECH

Mr. D. Rumjahn in seconding the adoption of the report and statement of accounts said:

Mr. Chairman and Gentlemen:—I have much pleasure to second the adoption of the Report and Statement of Accounts, but before doing so, I desire to express the shareholders' gratitude to you and your fellow directors for voluntarily waiving their fees. I desire also to extend the shareholders' gratification to our Auditors, for their spontaneous action in reducing their audit fees.

I am pleased to note that the directors have exercised all possible reductions in salaries and overhead expenses.

I am also pleased to note that the Company has effected a small profit for the year under review, due especially to the above measures taken.

In view of these facts, I would particularly urge that the curtailment of the overhead expenses be continued until such time as warranted.

With these remarks, I now beg, Sir, to second the adoption of the Report and Statement of Accounts as presented.

The report and statement of accounts were carried unanimously.

OTHER BUSINESS

Proposed by Mr. R. P. Phillips and seconded by Mr. Tai Ho Tseung, Mr. J. F. Shea was re-elected a director of the Company.

THE TWOFOLD PURPOSE OF AIR POWER

The Air Estimates, which the House of Commons debated recently, probably attracted keener and more widespread interest than the other sections of the Government's Defence programme. When the man or woman in the street thinks nowadays, with horror and repulsion, about the possibility of another war, it means not so much battle by land or sea as combats in the air and death-dealing raids over great cities. No Government, needless to say, could be so sensitive to public opinion as to follow it in giving strongly preferential attention, when making provision for defence, to the Air Force over the Navy and the Army. But it is as certain that a Government would ignore at its peril the public conviction of the immense importance of sufficient strength in the Air Arm, with all that implies. As Sir Philip Sassoon, the Under-Secretary for Air said, it implies sufficient men and machines, adequate reserves, and industrial preparations for turning factories, if the need arises, as quickly as is humanly possible and on the largest scale practicable, to war production. These three essentials the new Air programme is designed to secure. Though the net total of £39,000,000 is as far the largest which Parliament has been asked to vote for the Air Ministry since 1918, these are not the aggressive Estimates of a Government eager to build up Air power for offensive purposes. They are the proposals of a Government which, much against its will, has been forced to make up its mind that great increases in Air strength and large measures for mobilising industry in case of need are unavoidable except at the nation's peril.

Questions about the purpose for which the Air Force is being increased, its personnel reinforced, its equipment perfected by the use of the latest designs and inventions, are hardly worth asking in the circumstances; though Mr. Montague, who put the case for the socialist party, thought it his business to ask them. The answer, as Sir Philip Sassoon said, is twofold. First it is the Government's duty to protect these islands. That cannot be done unless the Air Force is strong enough, in men and machines, not to prevent air attack altogether—for that, admittedly, cannot be done—but "to make attack too dangerous to contemplate." The second reason for a sufficient Air Force is that Great Britain is to play an effective part in the system of collective security, she must have the necessary force at command. Under present conditions there is no denying that we have fallen below the standard necessary to be able to meet effectively our possible collective obligations. Collective security remains the "firm basis" of British policy, and our failure as a nation to keep our Air Force up to the necessary strength would be the worst blow that could be dealt to hopes for the ultimate success of the collective security ideal.

It is a national instinct to believe that the Government has something up its sleeve in Defence matters; and these Air Estimates will seem to many to be a justification of the instinct. Much of Sir Philip's speech was a description of recent and potential progress in personnel and material. His account of what has been done, his forecast of the outcome

HENNESSY ROAD EXCITEMENT

Brigade Called To Godown Fire

Considerable excitement was noticed along Hennessy Road shortly after 11.45 p.m. yesterday when heavy columns of smoke were seen emanating from the Mee Wo Cork Co., situated opposite No. 355 Hennessy Road which is used as a godown.

It appears that the building, a one-storied structure, was divided into two portions, the front of which is occupied by the Mee Wo Co., and the rear by the Lam Wo Hing Charcoal Co. The portion occupied by the last named company which is used for the storage of charcoal through some reason or other caught fire and the dense smoke seen coming out from the building occasioned no little alarm in the district.

A call was put through to the Fire Brigade when two appliances under Superintendent Brooks were quickly on the scene. The back door of the building was forced open and a hose was quickly brought into action. Although the conflagration was soon under control, nevertheless the appliances remained there for well after 1 a.m. when the smouldering remains were slowly put out.

The damage done was only to the rear part of the building and was confined to the burning charcoal. The Mee Wo Co. did not suffer any damage. The South China Motor Car Co., which is next to the damaged building was not in any way endangered. Damage suffered was small and it is understood that it is covered by insurance to the extent of \$7,000.

If Gossip We Must

(BY "ONLOOKER")

More parties and gaiety again this week, and next week looks like being the same too. We seem to have spent our time this week saying good-bye to all our friends who we hope to meet again some day at home. The Trooper on Wednesday took away a great many of them, and the crowd on board seeing them off was tremendous. The "Ranchi" on Saturday morning was rather the same, and one great loss to the Colony will be Sir William Shenton and his very popular daughter Yvonne, who will be much missed by all their friends. Yvonne was looking most attractive the day she left in a suit of lime green with a little white hat and shoes, to match. Mrs. Fawkes left also on Saturday looking so much better after her operation and we will look forward to seeing her once more in the Autumn.

The race meeting at Fanling on Saturday was attended by a very small crowd only three cross country races during the afternoon and very little betting. The weather was not too good either, it became very cold and dull and showers of rain fell on and off. Mrs. Bishop was out there with her small son Rufus, who was attending his first race meeting and thoroughly enjoying himself. He confided to me that he had been successful and judged his horses well. Mrs. Cavanagh Mainwaring added a bright touch to the gathering with her sailor hat and scarf of spotted navy and white.

silks with a small tailored linen coat. Attractive Mrs. Cobb wore a blue and white check suit with a bright scarf at the neck. Mrs. Lock in brown was there, and Major and Mrs. Alstone were with Major and Mrs. Campbell. Mrs. Todd in grey came with her husband as did Mrs. Eccles. There was a farewell lunch party in the Hunters Arms given by one of our well-known naval friends who alas! will shortly be leaving the station after a long time with us. Mrs. Walker, in a linen suit, of green had to resort to a large coat to keep her warm. It is a pity that the Fanling Meetings are finished as they are always such fun and so enjoyable, specially when the weather is extra warm and fine.

The American Navy being, in Hong Kong has been another excuse for more parties and a most enjoyable American Cocktail party was given by Mr. "Jack" Pool at Macdonnell Road on Friday. A number of the Officers from the American Fleet were present, having come on from the party given in the afternoon by the American Admiral on board the Augusta. As one arrived at the party one was presented with a badge on which was inscribed your name which was most helpful during the introductions. Mrs. Fredrick was there wearing something dark enveloped by white and Mrs. Moselle was in black with a little coffee and a smart black hat looking most attractive. The Crapnell sisters were being a great success

and Yvonne Shenton turned up later in the evening in an evening dress of a flowery material and at once entered into the spirit of the party. There was one very attractive girl there in light blue with lovely fair hair, but I was not able to catch her name, but we hope that she will be in Hong Kong in our midst for some time yet.

The same evening as the American party H.M.S. Herald decided to run a rival party with equal success. It was in the nature of a farewell party as they are leaving the Colony shortly. It was a very bright affair and masses of people. The party was held on the top deck which was gaily decorated with flags. The Commodore was there, but unfortunately Mrs. Seagwick was away and was not able to attend. Mrs. Parkes was having a long conversation with Commander Hardy, the new Captain of the Herald. Mrs. Rees in an ensemble in navy blue was enjoying herself I know, as also was her husband. Mrs. Harrison was as lovely as ever in black georgette with white gardenias at the neck. Heather Gerrard was very sweet in green, but I could not see much of her dress as she was wearing a big fawn coat over it. The Caffyns were there and was to be seen dancing together at the "Grips" where many others from the Herald, seemed to drift later. It was a very late party but nevertheless most enjoyable, and we wish them "bon voyage" when they sail on Thursday next.

FRENCH PEACE PLAN COMPLETED

Refutation Of Arguments In German Note

(“Hong Kong Daily Press” Special)

Paris, April 4.

After Saturday's conference of all the leading officials of the ministries concerned, the French answer to the note from Germany began to take definite shape, according to reports current in political circles, though the final form and text will be decided by the Cabinet Council on Monday.

The French note, it is stated on good authority, will consist of three separate parts, the first being a refutation of the juristic arguments of the German note and declaration of the French standpoint. The second part, it is said, points out that the German note disregards the suggestions made by the Locarno powers, particularly in regard to the fortification of the Rhineland Zone. The third part of the document is stated to consist of a French peace plan which is based on the League of Nations and the principle of collective security.

This plan is said to be intended for discussion at Geneva, not only by the League Council but also in the plenary assembly of the League of Nations.

In the opinion of the semi-official newspaper “Petit Parisien,” the proposals made in the third French memorandum will have a favourable reception in London and the British and French ideas on peace and security coincide in general.

FORECAST OF PLAN

Paris, April 4.

The draft of the French peace plan is practically completed and will be handed to Britain, Italy, Belgium and the League of Nations in the form of a note after it has been approved by the Council of Ministers on Monday.

According to forecasts, the plan will refuse the German claim that France has violated President Wilson's fourteen points, insist that the Franco-Soviet Pact is incompatible with Locarno, and declare that France will not “admit” German fortification of her eastern frontier.

The plan is within the framework of the League and is based on general principles of mutual assistance, limitation and reduction of armaments and collective security, and incorporates a suggestion for specialised forces to be contributed by each member of the League with the object of implementing “protection and observance of the Covenant.” It is suggested that the big powers provide four mechanised regular divisions and the small powers one each.

COMMITTEE OF THIRTEEN

Date For Meeting Advanced

(“Hong Kong Daily Press” Special)

Geneva, April 4.

That the Committee of Thirteen has been convened for Wednesday next was the surprising announcement issued by the League Secretariat on Saturday. The reason for advancing the date of the session which originally was to have been held after Easter, is understood to be the French Government's desire to bring about a meeting of the Locarno powers in order to discuss the German peace plan, at the same time avoiding the convocation of a formal conference of the Locarno powers without Germany.

Another version circulating here attributes the earlier date to the British anxiety to begin negotiations for peace and the cessation of hostilities in Abyssinia as soon as possible, especially in view of Italy's latest military successes and the situation created by Germany with regard to the Locarno Treaty.

FRENCH REQUEST

London, April 4.

The Foreign Secretary, Mr. Anthony Eden, has given careful consideration to the request of the French Government presented by the French Charge d'Affaires last night that the meeting of the Locarno powers should be held next Wednesday either in Brussels or Paris. Mr. Eden's reply to this request was conveyed to the French Charge d'Affaires and the Belgian Ambassador at the Foreign Office this morning.

Mr. Eden pointed out that in view of the fact that the meeting of Committee of Thirteen to consider the efforts of conciliation in the Italo-Abyssinian dispute was to take place at Geneva and was to be called for Wednesday, opportunity for exchange of views between the Locarno powers could take place there. In these circumstances the proposed meeting at Brussels or Paris seemed inopportune.

WAR AGAINST DISEASE

Memorial To X-Ray Martyrs

(“Hong Kong Daily Press” Special)

Hamburg, April 4.

Eleven nations were represented on Monday at midday at the gathering of distinguished Roentgenologists and radiologists who had met at the invitation of the German Roentgen Society outside St. George's Hospital to take part in the ceremony of unveiling the memorial to 160 research workers, practising physicians, nurses and technologists from all parts of the world who had sacrificed their lives in pioneer work whereby the benefits of X-Ray treatment in the war of humanity against disease were made available to the millions of sufferers to whom relief could be brought by no other way.

Prof. Dr. Erik, in the name of the German Roentgen Society, voiced the thanks of all the healed sufferers to the victims of Roentgen research in all countries of the civilised world, whose names are engraved on the memorial.

Prof. Dr. Holstensen of Hamburg recalled in broad lines the development of science in Roentgenology since the rays were first discovered and depicted the insidious way in which the first pioneers were struck down before the suspected deadly nature of the mysterious forces they were learning by experiment to handle.

The 86-year-old French Professor, Bectere, of Paris Sorbonne, responded on behalf of the representatives of the foreign countries.

Italy's Claim Elimination Of Last Obstacle

Rome, April 5.

“There is nothing left for you to do but to pray for me.” The Negus is reported to have telegraphed this message to the Empress after his defeat at Lake Ashangi, according to an Italian press report from Djibouti. As a result of the Italian victory in the four-day battle, the Negus' picked force of 40,000 men is described no longer as an army but a disorderly mass of fugitives. The Italians feel that the victory eliminates the last military obstacle to complete occupation of Ethiopia.

The Italians are continuing in pursuit and it is reported that not only have they reached the shores of Lake Tsana but entered Quoram on the heels of the flying Ethiopians, so gaining control of two important caravan routes to Dessie and into the Danakil country road to Dessie now open to the Italians along a comparatively flat country.

The view that the Negus lost the battle, because the generals disobeyed his commands was expressed by an authoritative military

observer at Italian Headquarters telephoning to Reuter's correspondent at Asmara. He pointed out that the Negus explicitly ordered the Rasas to confine themselves to guerrilla tactics, but they refused to retire and allowed themselves to be overwhelmed by being drawn into close contact with the Italians. It is added that thereafter the fate of the Negus was sealed. It is the same mistake as the Abyssinian made in the Tembien and Shire.

BOY KILLS HIS SISTER

French Village Tragedy

(“Hong Kong Daily Press” Special)

Paris, April 4.

A tragic case of juvenile crime, seemingly due to over-stimulated imagination, occurred in Courget, a small village near Bordeaux, where a nine-year-old boy shot his sister dead as a result of a quarrel.

At the end of the dispute the boy declared quite cold-bloodedly, “now I'll shoot you for that” and went to his parents' room and broke open the cupboard where his father's rifle was kept and looked to find some cartridges and then returned to the dining room and shot his sister dead through the head.

The boy then went out into the fields and told the neighbours that his sister had committed suicide. When cross-questioned, he seemed to be unaware of his guilt, admitting the deed and saying that he had first intended to shoot his mother also.

On account of the child's extreme youth the police did not take him into custody.

PANIC IN ETHIOPIAN CAPITAL

Merchants In Flight After First Air Raid

(“Hong Kong Daily Press” Special)

Addis Ababa, April 4.

Italian aeroplanes bombarded the Abyssinian capital for the first time this morning. After five scouting planes had made a reconnaissance flight over the town in the early hours of the morning, squadrons of bombing planes appeared on the scene and dropped explosive and incendiary bombs.

The Abyssinian anti-aircraft batteries replied with heavy fire, which, however, produced no effect. Two aeroplane hangars were burnt down, the Emperor's private machine also being destroyed. Only a little damage appears to have been done in the town itself.

After the Italian bombers had disappeared, the Empress and the Foreign Minister visited the aerodrome to see the amount of damage done. This is the first experience of the Italian fighting planes striking terror into the hearts of the inhabitants of the Abyssinian capital.

Numerous merchants have left Addis Ababa, taking with them all they possess by camel caravans. The police are making strenuous efforts to calm the crowds and keep them in the city.

Actually little damage was done by the first raid as the aeroplane destroyed had not been used for months and in the city itself only three persons were slightly injured.

PROTEST TO GENEVA

Geneva, April 4.

A telegram from the Abyssinian Foreign Minister protesting against the bombardment of Addis Ababa by five Italian planes has been received by the Secretary-General of the League of Nations.

The whole town, states the telegram, was completely without troops and any means of defence. A fact proved by the Italian planes being able to fly low and sweep the streets with machine gun fire. The Italian action was a flagrant infringement of the Hague Convention of 1907 and proved the bombardment of an open town was carried out intentionally by the enemy.

STIR OF VETERANS

Addis Ababa, April 4.

Five planes without warning appeared over Addis Ababa this morning, two flying at a height of about 60 feet, and fired on the city with machine-guns, riddling the hangar with bullets and destroying an old aeroplane. But there was no loss of life and the wireless apparatus was not touched.

Aged Adowa veterans appeared at every nook of the city, armed with antiquated rifles, which they fired wildly into the air, endangering the inhabitants more than the enemy.

When the sound of the aeroplanes was heard the foreigners hastened to their respective Legations, where the dugouts and trenches were rapidly filled. The police behaved admirably. They proceeded immediately to their appointed stations and prevented any looting.

USE OF POISON GAS BY ITALIANS

(“Hong Kong Daily Press” Special)

London, April 4.

The use of poison gas by the Italian troops in Abyssinia has been confirmed by the British Red Cross delegate, Captain Townsend Stephenson, in the papers here, which state that Capt. Stephenson, in a report drawn up by him after his return to Addis Ababa from the northern front, affirms that during the month of March the British field hospital treated some 3,000 Abyssinian men, women and children suffering from the effects of gas-poisoning, more than 60 of whom succumbed to their injuries.

The report, according to the papers, goes on to say that the gas, which was blown off from reservoirs placed under the wings of the Italian aeroplanes, covers the earth like dew and produces its effects after about an hour. Other despatches received here assert that the Italians employed flame-throwers in the advance on Harar and also dropped gas bombs on the town.

STRANGE BEHAVIOUR OF REFEREE

PLAYER ORDERED OFF DURING INTERVAL

Close Running For Senior Honours

In a game that was pulled up with boring regularity for infringements by both teams, the Athletic defeated the Royal Welch Fusiliers in a Senior Division game by the only goal scored which was obtained in the last minute of the match. Two soldiers were warned against rough play, while one was not permitted to resume play after the interval.

By virtue of their win yesterday, the Athletic have greatly enhanced their position in the league table, and they are expected to continue in winning vein as they are to have the assistance of several well-known Northern players in their future engagements.

South China "A" defeated Recreio in spite of the latter adopting unorthodox methods in the field of play.

Saturday's matches saw the defeat of the Police—a strong contender for the senior honour—by Kowloon, although the guardians of the law fielded a very much depleted team. South China "B's" chances of finishing up at the head of table were obliterated by the Senior Service who trounced them to the tune of four goals to two. Other games resulted very much as expected. St. Joseph's failed to field a side for some unknown reason.

Exciting And Thrilling Encounters

FUSILIERS UNLUCKY

History was made yesterday in the Athletic-Royal Welch Fusiliers encounter, when the referee, after taking a player's name down for rough play, which occurred during the first half forbade him to return to the field after the interval. The reason for this unusual action is said to be an altercation that took place between the player concerned and the referee in the dressing room during the interval.

Spectators were mystified when the Welshmen took the field on resumption of play with only ten men, the absent man being Coakley, who played on the right wing. The reason for his non-appearance was not known until after the match, when Coakley said that he had had a few words with the referee and was forbidden to resume play.

The Athletic won the game with a goal scored a minute from time, when Yeung Kan Po beat Rowlands from close range. Although the Fusiliers were deprived of the services of Coakley they had as much of the play as the Chinese, and greatly harassed the Athletic's defence time and again.

A fair indication of the game would have been a draw as Talbot had had luck with a long range shot that was saved only after Shui Tim-lin had dived full length to turn the ball round the post.

A strong cross wind that blew from the Indian Recreation Club's end towards the Convent saw the Athletic with a first-half advantage, but keen tackling, which at times grew very robust saw the defences of both eleven's maintaining the upper hand. The game had been in progress for about quarter of an hour when the referee took "Wal-lin's" name and warned him against foul play. Shortly before half time, Coakley, also was warned.

Half time arrived with no goals scored. Resumption of play saw the soldiers fielding only ten men and in spite of this handicap play was evenly distributed. The wind, which in the first half had been against them, now assisted them and they made repeated attacks on the Athletic's goal, but without success.

Talbot at inside right—the inspiring element of the soldiers' forward line, took a free kick from a short half-way line and his shot was just cleared by Shui Tim-lin, who had to dive full length to effect a brilliant save.

When the Chinese scored the winning goal pandemonium broke loose amongst the spectators who rushed on to the field in their ecstatic enthusiasm. Play for a while was forced to cease until control was once more regained. The soldiers, who until this moment, more than held their own against the

Chinese lost their grip of the game and the final whistle blew with the Chinese swarming the soldiers' goal. Fusiliers—Rowlands; Wheeler and Keating; Hughes, Wanklyn and Elid; Coakley, Harrison, Evans, Talbot and Roberts. Athletic—Shui Tim-lin; Mak Shiu Hon and Ho Chor In; Lai Kwok Chiu, Tsui Ah Fai, and Chan Hung Kwong; Tang Kwong Shum, Yeung Kan Po, Wong Wing Hon, Darkie Chan, Chan mon Wing.

RECREIO'S EXPERIMENT FAILED

Yesterday Recreio played against South China "A" and lost by two goals to nil. Recreio tried an experiment in that the two Gosano brothers played backs and consequently left the forward line rather weak. It was this that contributed greatly to their downfall, yet it must be said that if it were not for their staunch defence that Recreio were thus able to put up, the Chinese score would have been much greater.

Their forwards while striving to do their best were not near the equal of the Chinese defenders. They were hesitant at the wrong moments and were obviously unfamiliar with each other's play. Recreio had the better of the game, if such it can be called, in that they were often in the Chinese territory. It was only towards the end of the game that South China completely swamped the Portuguese players and indulged in some shooting practice.

The Chinese defence were splendid, never once losing control of the opposing forwards. One thing that was obvious in yesterday's play was the failure of the Recreio halves to back up the forwards to a sufficient extent.

South China won the toss, and elected to kick with the wind behind them. The Recreio goal had an early fright when Tay Que Liang broke away on the left and with only the goal to beat shot straight at him. From the rebound Fung King-cheong took a pot at goal but this shot was smothered by "A.V." A rapid movement was once more instituted in the left wing, and the resulted centre was left at the foot of Lee Wal-tong. He missed. Lee seemed to be definitely having an "off" day as this was not the only time that he was at fault. He could not pass the Gosano's defence and time and again was robbed.

The first goal came from Fung, who deflected a centre from Tio Kwai-shing, on the right wing, into the net.

Both goals came in for their share of the shots, Wong Wing being called upon to save shots, which though not difficult, were sufficiently so to cause some thrills.

A fine movement wherein Tso took the ball down the right and passed to Fung, who in turn sent it to Tio Hian-guan who, with only the goal to beat failed dismally. The second goal came from the foot of Lee Wal-tong. This was following a very cunning movement by Fung, who when the ball was passed to him, allowed it to pass to Tio and who again failed with the shot. The kick off saw the ball at the feet of Lee who took it into the area and made a mistake with his shot. Play now became rather desultory and the Recreio defence had all their work out to keep the Chinese from scoring more. This did not seem to be the idea of the Chinese who dalled around with the ball and did everything but send it into the net, indulging in their favourite pastime "pattern weaving" instead of shooting at goal.

POLICE OUT OF LUCK

A reshuffled Police side went down to Kowloon on Saturday on the railway ground by the odd goal in five. This defeat suffered by the custodians of the law has almost put an end to their championship aspirations.

Kowloon were full value for their win and until the last ten minutes of the game were all over the policemen. W. G. White notched the winning goal, and this victory is the first enjoyed for a long time by Kowloon, as previous encounters had invariably ended in drawn games.

Within five minutes Kowloon were two goals ahead as a result of good goals scored by Honnibal and G. White. Everest (Kowloon) reduced the lead for his opponents when he deflected the ball into his own net. After Boyes, the home custodian had brought off two brilliant saves at the expense of Johnston, the Police centre forward, the latter from what appeared to be an offside position equalised and a change of ends saw the score levelled. Towards the end of the game G. White with a splendid header put Kowloon in the lead which they retained to the end.

The teams were: Police:—McHardy, Blackburn, C. Pile, North, Brittain, Parker, Willis, Johnston, Stevens, Morrison and Brooks. Kowloon:—Boyes, Everest, Eastman; Roberts, Bliss, Boyd, K. Knox, G. White, D. Knox, V. White, and Honnibal.

S. CHINA "A" STILL WINNING

For three quarters of the game on Saturday supporters of South China "A" potential champions of the senior division local soccer league who met Jowly played R. A. Lyemoon were in despair lest South China should be beaten, but a last minute recovery saw them pull the game out of the fire and win eventually by 3 goals to one.

To the Gunners congratulations were due in the manner in which they played. The first half saw no scoring and the Gunners were the first to obtain a goal. Until this reverse South China did not look like winning, but spurred to better efforts by this reverse they equalised through Tam Kong Pak. Lee Wai Tong put them further ahead, and Ip Pak Wah notched a further point to put the decision beyond doubt.

Over confidence on the part of the Chinese players saw the Gunners enjoy the better of the exchanges during the first half, and it only they had forwards who could shoot they would have been three goals up in the first fifteen minutes. Morton obtained the Gunner's solitary goal.

ATHLETIC WELL ON THE WAY

Good clean football was witnessed at Causeway Bay on Saturday when Chinese Athletic defeated the East Lanes in the first division by the odd goal in three. The Athletic who are potential runners-up in the championship table, never relaxed their grip on the game, the

INDIANS WIN JUNIOR LEAGUE

Sound Batting In Services' Clash

One senior and two junior league cricket games were played during the week-end, which resulted in a drawn game in the senior encounter and a win for the Police and the Indians respectively in the junior league.

A feature of the senior game was the brilliant batting of Lt. C. Garthwaite (Army) and Lt. Davies (Navy) who each knocked up 67 and 56 respectively.

The Indians second eleven by virtue of their win have annexed the junior trophy, being three points ahead of their nearest rival the Engineers.

whole eleven playing entertaining football. To their half back line, much of the credit of victory is due, for while feeding their forwards with well placed passes, they never relaxed a vigilant watch on their opponents' attack.

Yeung Kan Po put the Athletic in the lead with a great shot and the teams changed over with the soldiers in arrears.

Sandford equalised from a pass by Griffin, but not ten minutes later Wong Wing Hong netted the winning goal. Both goals were raised in turn and although there were several narrow escapes which kept a large crowd of spectators in spasms of excitement, no further goals were netted.

East Lanes—Williams, Swain, Steele, Cox, Lawton, Smith, Murphy, Sandford, Gorman, Eckerley and Griffin.

Athletic—Shu Tin-lin, Mak Shui-hon, Ho Choy-yin, Lai Kow-chiu, Chui Ah-fai, Chen Hong-kong, Tang Kwong-sum, Yeung Kan-po, Wong Wing-hong, Lo Wai-kuen and Cheung Moon-wing.

NAVY REPEATS SUCCESS

South China "B" were defeated by the Navy on Saturday by 4 goals to 2 in a premier league encounter played at Caroline Hill. South China attacked strongly from the initial kick off and Ho Ka Keung almost netted with a header. Not many minutes later Cheuk Shek Kam netted with a fast shot. Following a melee from 10 yards out, McLead equalised. Crawford placed the sailors in the lead which however, was not enjoyed for long when Ng Po Kui after a splendid bout of short passing beat the Naval custodian with a rasper.

Half time came with the two teams on terms level, but resumption of play saw McLead placed the Navy in the lead after a fine solo effort. This same player capped a splendid afternoon's work by obtaining another goal to put the issue beyond doubt.

ST. JOSEPH'S FAILED
TO TURN UP

Owing to some misunderstanding only two St. Joseph's players turned out on Saturday for their first division game, against the Royal Welch Fusiliers. The game which was to have been played at Prince Edward Road, was called off.

RECREIO WINS

The Club de Recreio defeated Stonecutters R.A. on Saturday at King's park by the only goal scored, obtained by Bertie Gosano less than a minute from full time. The Recreio men were not at full strength, and their victory was a credible performance.

Good goalkeeping, and the tactics of Marques and Bowen who covered each other up with fine understanding, saw the Recreio defence repulse every raid initiated by the Gunners while Bertie Gosano in the forward line continually harassed the Gunners defence. With more support from the right Gosano might have made the victory more decisive.

Half in goal for the losers played an inspired game whilst Gardner was outstanding in the half back line.

JUNIOR DIVISION

In a Second Division encounter at Causeway Bay on Saturday the Rifles defeated the Radio by four goals to nil. Goal scorers were: Boyd (2) and Lindsay (2). The soldiers were leading at half time, by two clear goals. Tavares (J.M.) of the Radio, had bad luck with a shot that almost found the net.

EASTERN TROUNCED

South China easily accounted for Eastern by four goals to one in a second division encounter played at Caroline Hill on Saturday. The Eastern who were one of the semi-final teams in the Junior Shield could not hold their rivals and although defeated were by no means disgraced. The football played was entertaining. For the winners Kam Sik Wai, Li Wing On (2) and Ip Kook Ling found the net, whilst Cheng Sui Hong scored for the losers.

NAVY AGAIN

The Navy obtained a further victory on Saturday when they defeated the East Lanes by three

A. A. A. TEN-MILE
CHAMPIONSHIPNew British Record
Established

London, Apr. 4.

On the White City track, W. E. Eaton, of Salford Harriers, won the A. A. A. ten miles championship in 50 minutes 30-4/5 seconds, breaking the British record of 50 minutes 40-3/5 seconds established by Alfred Shrub in 1904.

Eaton was never extended, and but for a cold and rather strong wind he would probably have broken Nurm's world record of 50 minutes 15 seconds.

A newcomer, V. W. Stone, of Polytechnic Harriers, won the seven-mile walk in 52 minutes 21-1/5 seconds.

MAMAK HOCKEY

K.I.T.C.'s Second Defeat

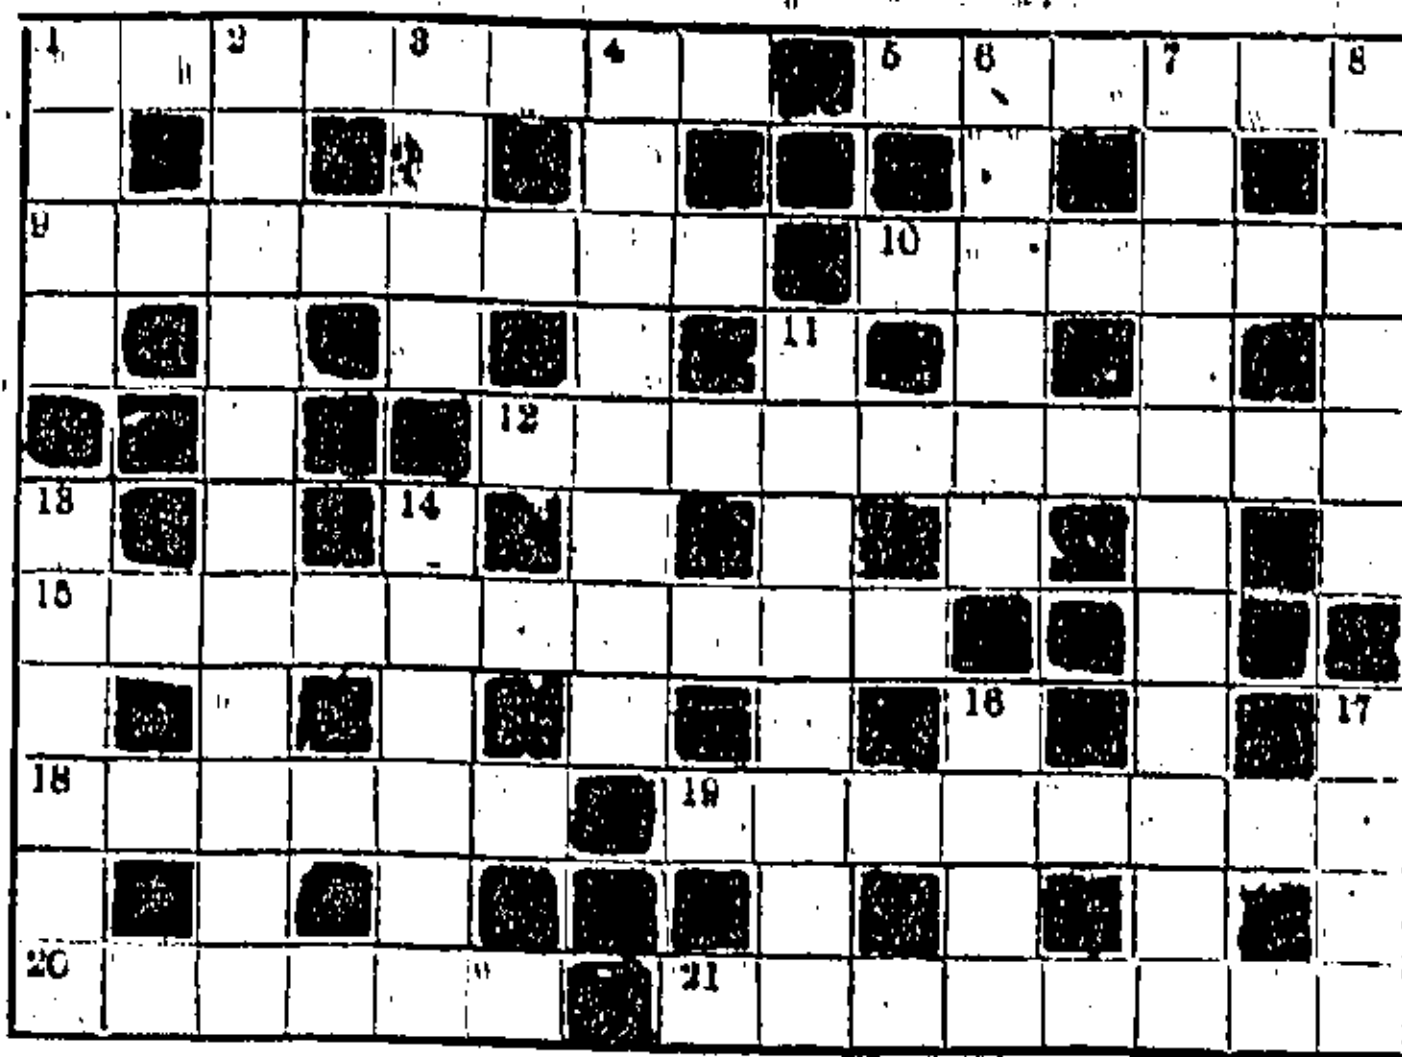

The K.I.T.C. suffered another defeat at the hands of the Police in their Mamak fixture at the Marina ground yesterday when they went down by the only goal scored by Parker in the first half.

This latest reverse greatly jeopardised their chances of carrying off the championship of the Premier division for the second year in succession.

The game was played at the fast pace, most of the play taking place in mid-field, and on the day's play the Police had the better of exchanges.

Parker worked hard for the win, and Blackburn at right-back was very safe. A. P. Souza and J. Pintos were the most dangerous forwards for the losers, but lack of support from the other forwards brought their efforts to naught.

THE SHARE MARKET

Harriman's Weekly Review

Saturday, April 4.
Messrs. G. A. Harriman & Co.'s weekly share report and market review issued at noon to-day states:—

With the exception of one or two local stocks, more particularly Cements, Philippine gold mining shares monopolised the attention of our market and trading was very brisk in this section. Local stocks were very firm at slightly over quotations during the week but business was undoubtedly restricted owing to the increasing popularity of Gold Mining securities. Scrip however was very scarce in the local investment section and quite a strong feature of the week were Hongkong Lands which rose from \$30 to \$33 1/2, enjoying an unsatisfied demand right up to the close of business. Hongkong Electric was a shade easier at one time having changed hands down to \$51.75 but a strong demand eventually set in at \$52.00. Telephones (old) came to business at \$25.15 closing steady at the former rate. Hongkong Trams again slipped to a new low record of \$10.35 after sales at \$10.40. Minor issues ruled quieter. Hotels gave way slightly to a buying rate of \$4.10 after shares had changed hands at \$4.12 1/2. Providents (old) were dealt in at \$12.29 closing in demand at \$11.15. China Light (old) remained in steady demand at \$10.40 with business done at \$10.45/30. Cements were the most prominent feature of the local market, being in very strong demand throughout owing to persistent rumour of fresh 'contracts' and rose steadily from \$8.10 to \$9. Philippine mining stocks enjoyed a great deal of popularity with Antamoks charging hands at \$2.08/12 cash and \$2.15 for June, Benguet Exploration at 20/21 cts., Demonstrations at 66/66 1/2 cts., Gold Rivers at 7/8 cts., and United Paracales at 65 cts. to 68 cts. Sterling counters were rather active with Hongkong Banks done at \$155.5 and Unions at \$561/65. The tone of the market at the close is firm in all sections with a very slow but steady upward tendency.

Business during the week has been done at the following prices:—

H. K. Banks, \$155.5.
Unions, \$561/65.
Benguet Explorations, 20 cts./24 cts.
Demonstrations, 65 cts/66 1/2 cts.
Gold Rivers, 7 cts/8 cts.
H. K. Hotels, \$4.10/4.20.
H. K. Lands, \$30 1/2/33.
H. K. Electric, \$51 1/2/52.
United Paracale, 65 cts/68 cts.

BERLIN SHARE MARKET

"Honr Konr Dair Press" Specia

Berlin, April 4.

Contrary to expectation, the share market was in a buoyant mood on Saturday. Operators, who on Friday had sold for forward delivery, at low prices, were forced to cover. Hence instead of falling, the shares rose especially in Mining, Electric, Potash and Linoleums. Fixed interest securities continued to be neglected, the tendency being uniform but the price changes either way was slight. Call Money was at 2 1/2 to 3. The share market remained in a friendly mood throughout the week, the public readily investing after the unexpected results of the German election and the favourable reception of Germany's peace proposals in London.

FRIDAY MARKET

Berlin, Apr. 3.

Although the "Bourse" opened firm on Friday, the tendency was soon reversed, many shares falling again. Young Loan sank 1/2 to 102 1/2. Reichsbank was unchanged at 183 1/2. German Dye Trust sank 1/2 to 185. Salzdetfurth Potash was

PARIS EXCHANGE MARKET

Paris, April 3.

Heavy sales or Renten have developed owing to a renewal of the franc scare.

There was a flurry on the exchange market to-day, a feature of which was the strong demand for sterling, which rose to 75.35 francs at one time.

There is talk of the possibility of a further rise in the French bank rate to-morrow. The day's developments are attributed to some quarters to a revival of bear speculation.

GERMAN DEVALUATION REPORTS

Berlin, April 3.
Reports of the possible devaluation of the German currency are discounted in the newspaper "Deutsche Volkswirt," which also rejects the suggestion that Dr. Hjalmar Schacht's resignation as Minister of Economy is impending. It is inferred that the recently renewed crisis between the Dr. Schacht and the more extreme Nazis has been settled for the time being.

The newspaper declares that Germany does not intend to change its economic plan or abandon its control of foreign currencies received for exports. A continuation of the control of the nation's foreign trade is absolutely essential, it states.

It is learned in this respect that it is most improbable that Germany will give up control of exports of capital. Any concessions in this direction would undoubtedly lead to emigration of Jewish capital in Germany, which is estimated to amount to about 21,000,000,000.—Reuter
